

Merry Christmas!

As a member of the Chamber of Commerce Construction Forum, we would like to introduce our business to you – TPS Interiors and Office Furniture.

We are located next to the showground on Tillbridge Lane on the outskirts of Lincoln. We love creating the right impression for people and spaces. Design, space planning and installation are services provided by our growing team. Our Clients are within the following sectors:

- Healthcare Sector
- Retail Spaces
- Construction Companies
- Educational Establishments
- Commercial Businesses
- Branches and Offices for nationwide companies
- Government and local authority departments

We love what we do and we keep up to date with the latest trends and designs.

See what our clients say about us;

*“Not only were TPS competitive in price; nothing was too much bother for them. They listened to our ideas, come up with designs and samples and managed to complete the process from initial enquiry to installation in a short time period.”*

*“We very much see TPS Office Furniture as a partner to our business as opposed to just a supplier and I would very much recommend them to any prospective company”*

We would love to work with you on forthcoming projects providing a great space plan for your fit outs. At TPS Interiors we work with British Manufacturers who offer guarantees so you can be assured that your project will be delivered on time and on budget with quality and style being at the heart of what we do.
